Provided that where the Atomic Energy Regulatory Board is satisfied that the gravity of threat and risk involved in a nuclear incident is insignificant, it shall not be required to notify such nuclear incident.

(2) The Atomic Energy Regulatory Board shall, immediately after the notification under sub-section (1) is issued, cause wide publicity to be given to the occurrence of such nuclear incident, in such manner as it may deem fit.

4. Liability of operator.—(1) The operator of the nuclear installation shall be liable for nuclear damage caused by a nuclear incident —

(a) in that nuclear installation; or

(b) involving nuclear material coming from, or originating in, that nuclear installation and occurring before —

(i) the liability for nuclear incident involving such nuclear material has been assumed, pursuant to a written agreement, by another operator; or

(ii) another operator has taken charge of such nuclear material; or

(iii) the person duly authorised to operate a nuclear reactor has taken charge of the nuclear material intended to be used in that reactor with which means of transport is equipped for use as a source of power, whether for propulsion thereof or for any other purpose; or

(iv) such nuclear material has been unloaded from the means of transport by which it was sent to a person within the territory of a foreign State; or

(iii) that operator has taken charge of such nuclear material from a person operating a nuclear reactor with which a means of transport is equipped for use as a source of power, whether for propulsion thereof or for any other purpose; or

(iv) such nuclear material has been loaded, with the written consent of that operator, on the means of transport by which it is to be carried from the territory of a foreign State.

(2) Where more than one operator is liable for nuclear damage, the liability of the operators so involved shall, in so far as the damage attributable to each operator is not separable, be joint and several:

Provided that the total liability of such operators shall not exceed the extent of liability specified under sub-section (2) of section 6.

(3) Where several nuclear installations of one and the same operator are involved in a nuclear incident, such operator shall, in respect of each such nuclear installation, be liable to the extent of liability specified under sub-section (2) of section 6.

(4) The liability of the operator of the nuclear installation shall be strict and shall be based on the principle of no-fault liability.

Explanation.—For the purposes of this section,—

(a) where nuclear damage is caused by a nuclear incident occurring in a nuclear installation on account of temporary storage of material-in-transit in such installation, the person responsible for transit of such material shall be deemed to be the operator;

(b) where a nuclear damage is caused as a result of nuclear incident during the transportation of nuclear material, the consignor shall be deemed to be the operator;

(c) where any written agreement has been entered into between the consignor and the consignee or, as the case may be, the consignor and the carrier of nuclear material, the person liable for any nuclear damage under such agreement shall be deemed to be the operator;

(d) where both nuclear damage and damage other than nuclear damage have been caused by a nuclear incident or, jointly by a nuclear incident and one or more other occurrences, such other damage shall, to the extent it is not separable from the nuclear damage, be deemed to be a nuclear damage caused by such nuclear incident.

(b) occurring in a nuclear installation owned by it; and

(c) occurring on account of causes specified in clauses (i) and (ii) of sub-section (1) of section 5:

Provided that the Central Government may, by notification, assume full liability for a nuclear installation not operated by it if it is of the opinion that it is necessary in public interest.

(2) For the purpose of meeting part of its liability under clause (a) or clause (c) of sub-section (1), the Central Government may establish a fund to be called the Nuclear Liability Fund by charging such amount of levy from the operators, in such manner, as may be prescribed.

8. Operator to maintain insurance or financial securities.—(1) The operator shall, before he begins operation of his nuclear installation, take out insurance policy or such other financial security or combination of both, covering his liability under sub-section (2) of section 6, in such manner as may be prescribed.
